

INTERNATIONAL WORKSHOP - 3IPEP PROJECT

As part of the launch of their Erasmus+ project, 3IPEP, UVSQ and its partners organized a seminar to open the project which was held on January 25th, 2019 in Versailles.

25th January 2019

This seminar brought together academics and practitioners of law and other disciplines to collectively reflect on the issues at the crossroads of investment law, indigenous peoples and the protection of the environment.

This international seminar was the occasion of a first confrontation of different scientific, socio-economic and cultural points of view on all these questions.

Three roundtables discussed issues related to the confrontation of investment law, indigenous peoples' rights and environmental protection in terms of:

1. International contract law;
2. Corporate social responsibility;
3. International litigation;
