

ARCTIC CAFÉ: LAND USE, CLIMATE CHANGE AND JUSTICE

On the 25th of November 2020, the University of Lapland organised an event presenting further projects (H2020) related to the project 3IPEP, dealing with northern land use, indigenous and local peoples' rights, climate change and sustainability.

Arktikum House Rovaniemi, Lapland,
Finland and online.

Arctic Café – Event on Land use, Climate Change and Justice –
representing three H2020 projects of the University of Lapland

The Arctic Café – Event, organized by the Arctic Centre's science communication

unit, was held around 3 different H2020 projects: JustNorth, CHARTER and ArcticHubs. All of these recently funded multidisciplinary projects have close connections with the project 3IPEP, since they examine issues related to northern land use, indigenous and local peoples' rights, climate change and sustainability.

The event was held in Finnish.

Free admission and coffee service. The events are targeted for science community but wider audience as well.

ADDITIONAL INFORMATION

The event was organised by the Arctic centre of the University of Lapland
